Omora home page — Work section review

2026-10-28 01:24 · branch kozmoz-v1 · captured from the dev server (localhost:3100) with Playwright.

- Desktop: 1440×900 viewport; mobile: 390×844 at device scale 2. Full pages are sliced top to bottom; Work crops follow.
- Captured with reduced motion, so scroll animations are settled and video loops show their posters; the first-visit intro is skipped.
- Work cards, in order (desktop): Pearls Farm Labor · Galvan Dental Care · Numen Ventures · Cubic Ship · The Sticker Smith · Clinical Scribe.
- Work cards, in order (mobile): Pearls Farm Labor · Galvan Dental Care · Numen Ventures · Cubic Ship · The Sticker Smith · Clinical Scribe.
- Hidden Estética de Génesis card on the page: desktop not present, mobile not present.
- Other pages: the hidden home Work entry is not rendered anywhere. A separate, older “Estetica de Genesis” card from the V3 dataset (lib/projects.ts, not touched this round) still shows on /work, /services/websites, /services/booking-systems.
- Work images loaded: desktop 5/5, mobile 5/5.

US WHAT WE DO WORK CONTACT

Ashan & Jordan

PICK A NAME TO SEE WHAT EACH OF US DOES

We build the website, shoot the photos and video, and set up the phone answering and booking behind it, for local businesses around the Bay. The two of us do every project ourselves.

TELL US WHAT'S GOING ON

The two people on the first call are the two people doing the work.

ASHAN

Ashan. Decides how it looks and how it should feel to use. Plans the shoot and the posts. Then tries to break the site before your customers can.

JORDAN

Jordan. Builds it: the site, the booking, the phone answering and the follow-up behind it. Shoots the photos and video.

Between the East Bay and Suisun Valley.

No account managers, no handoffs, nothing farmed out.

We come to you for the shoot.

You own the site, the domain and the data from day one.

Websites.

The site itself, made so the people who find you can call, book or buy. You own it.

Photo & video.

Your place, your people and your product, shot on location and cut for your site and your posts.

Phones, booking & follow-up.

A line that answers when you can’t, booking that fills the calendar, and follow-up that goes out without anyone having to remember.
